### Oracle Recognizes Vertex's Leadership and Innovation in Tax Technology for the Oracle Ecosystem

KING OF PRUSSIA, Pa., June 09, 2022 (GLOBE NEWSWIRE) -- Oracle has announced that [Vertex, Inc.](#) (NASDAQ:VERX) ("Vertex" or the "Company"), a global provider of tax technology solutions, is the winner of the 2021 Oracle Change Agents Partner Award – Visionary Award for ERP ISV Partner of the Year. This award recognizes Vertex for its excellence in helping customers meet their critical business objectives, such as accelerating innovation, driving digital transformation, and increasing sustainability using Vertex's tax solutions.

"We are proud to be recognized for our technological innovation and leadership in the Oracle ecosystem," said Chris Jones, Vertex Chief Revenue Officer. "Vertex provides a seamless option for our joint customers looking to drive transformation and accelerate their cloud journey. Together we provide the performance, scalability, and security our customers need to accelerate their cloud journey and drive global commerce."

Working together with Oracle, Vertex continues to innovate the way customers integrate tax technology with their applications, launching the Vertex<sup>®</sup> Indirect Tax Accelerator for [Oracle Fusion Cloud Enterprise Resource Planning \(ERP\)](#). The Accelerator streamlines the integration of Vertex tax solutions along with the set-up of tax determination, exemptions, and reporting. This accelerates the migration for tax and finance teams, helping reduce the risk and costs associated with implementation, while improving time to value.

With the launch of the Accelerator, Vertex was the first tax technology provider to offer tax solutions that could integrate with and/or be hosted on the Oracle Cloud Infrastructure. In 2021, customers processed a combined average of more than 200 million transactions per month for a total of almost 2 billion transactions leveraging Vertex tax solutions on OCI. And these numbers continue to grow as more customers trust Vertex and Oracle to deliver the solutions needed to transform their finance operations and support business growth.
